YOUR SOLAR HOME INC. is a renewable energy solutions company which manufactures and develops solar air collection heating systems for residential and industrial use.

Our products are economical, environmentally friendly and can be used for air heating in a variety of different climates and applications.

SOLARSHEAT TWO STAGE ZONE CONTROL SYSTEM

Product Description

Heat a zone in your house quickly with a large solar array, then heat a 2nd zone with any excess heat. This dual mode system is great for heating a living room and kitchen area (1st zone) with a few solar air collectors, then utilizing any excess heat in the basement or room below (2nd zone). The SolarSheat Two Stage Zone Control maximizes your solar investment by utilizing the solar collectors as much as possible.
