# Utah Woodsafe™

Technical  
Data Sheet

Exterior Wood Protectant  
Water-resistant, UV-protectant, permanently elastic

- Application Range :** Exterior weather-resistant oil & resin finish for wooden items such as **fences, fence posts, cold frames, playground equipment, wooden greenhouse structures, flowerboxes, barns and decks.** Do not use on lawn furniture.
- Technical Properties :** Deep penetrating satin oil finish with a warm dark brown colour, permanently elastic. Allows wood to breathe. Does not peel or blister. Easy to refinish.
- Mode of Application :** **Shake well before using.** Apply 2 - 3 thin coats by brush or sprayer. Wipe off any unpenetrated material approx. 15 - 30 minutes or spread again with a dry brush. For refinishing apply additional coats. For clean-up use # 115 Xtra Mild Citrus Thinner before it is dry.
- Coverage :** approx. 110 - 130 sqft. per litre, depending on absorbancy rate of surface
- Colour :** dark-brown, semi-transparent
- Ingredients:** linseed standoil & pine resin ester, tung oil & linseed oil blend, natural mineral asphalt, # 115 Citrus Thinner, lead-free driers ( cobalt-zirconium-calcium octoate )
- Dry Time :** 8-12 hrs. first coat, additional coats approx. 24 hrs. @ 20 degrees Celsius
- Thinning & Clean-up :** # 115 Eco-House Citrus Thinner for clean-up. Product is ready to use and does not require thinning.
- Cautions :** **Keep out of reach of children.** May be harmful if swallowed. Avoid contact with skin and eyes. Use in well ventilated areas to minimize inhalation. Apply proper industrial hygiene when handling paint products.  
**Oil-soaked rags are prone to spontaneous combustion.** For your safety store such rags safely in an air-tight metal container or submerged in water.
- Available Sizes :** 0.500 ltr. ( 16 oz ) - 3.785 ltrs. ( 1 US-gallon )
- Shelflife:** min. 2 years , if stored cool and dry. Refill left-overs into a smaller can without unnecessary air in the can to avoid skinning..
